"Everlasting Punishment" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The Golden Text is from Ezekiel: "Cast away from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit: for why will ye die, O house of Israel?" One of the Bible selections in the Lesson-Sermon is from Proverbs: "He that covereth his sins shall not prosper; but whoso confesseth and forsaketh them shall have mercy." These passages from II Chronicles are also presented: "And the LORD appeared to Solomon by night, and said unto him, ... If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

The Lesson-Sermon includes these statements from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The design of Love is to reform the sinner." "The sharp experiences of belief in the supposititious life of matter, as well as our disappointments and ceaseless woes, turn us like tired children to the arms of divine Love. Then we begin to learn life in divine Science."
